

TOURISTS VISIT RICHMOND TUESDAY

Big Delegation From Lexington Spends Happy Hour Here, The First Stop

Tuesday morning at 9 o'clock sharp, as per schedule, the big delegation from the Lexington Board of Commerce, with a band more than 150 representative business men in automobiles, numbering more than 50, arrived in Richmond, the first stop on the two days' tour which is known as the Central Kentucky Get-Together trip. They spent an hour in the city, every minute of which was taken up in meetings and greetings of the warmest kind of friendship.

The visitors were loaded down with souvenirs and a good disposition, and when the motorcade came to a stop at the court house square, there was something doing every minute. The welcome to the city was an enthusiastic one upon the part of citizens led by Mayor Evans, R. E. Turley, of the State Bank and Trust Company, and other business men. It was one of those extemporaneous welcomes upon the part of all. It seemed, wherein it was the happy privilege of one and all to greet the visitors.

There were songs and music by the University of Kentucky band which accompanied the boosters. After this, there was a formation of the visitors and the office of the Daily Register was visited and serenaded with old southern songs and music. After an inspection of the office, press room and other departments, the visitors returned and spread the good word as they went, and started on schedule time for Berea, the next stop.

There were big men and little men, and all with the "blow out" as their slogan, as well as "shake" and "howdy," and in fact some of the tires became inflated and had a little blow out themselves, and the machines were compelled to check up for a little while, but the special squad of repair and supply men who were with the tourists soon had them lined up again none the worse for the spasmodic occurrence.

The first cars in line were occupied by members of the band. Major Thompson B. Short, tourmaster; Frank B. Jones, president of the Board of Commerce; Dr. R. H. Crossfield, president of Transylvania College; J. E. Bassett, president of the Fayette County National Bank; and Wood G. Dunlap, Commissioner of Public Property, the last four being the official speakers during the tour. General Chairman Earl F. Schropshire, also in charge of the forming of the itinerary, was also an occupant of the first car and he made an inspection of the roads as the tour progressed.

As the parades formed, they are led by the chief bugler, Herbert Boggs, of the Boy Scouts, and Frank Dunn, of the Board of Commerce. The following newspaper men were among those who are looking towards the publicity end of the enterprise, which stands for "Good Roads, Good Kentuckyism, and Good Friendship." Messrs. J. E. Bomar, City Editor and Robert Breckinridge of the advertising department, of the Lexington Herald; Messrs. J. Sherman Porter, reporter, and H. Giovannoli, editor and manager of the Lexington Leader.

The itinerary after leaving Richmond, is as follows: Berea, Lancaster, for dinner, Stanford, and Danville, where the night will be spent. Wednesday morning—Harrodsburg, Salvisa, Frankfort, Versailles and Nicholasville.

Deportation Law Amended

(By Associated Press) Washington, May 11—President Wilson today signed the bill amending the deportation law so as to make possible the deportation of Germans and other aliens interned during the war as enemy aliens.

Senator Henry Cabot Lodge, of Massachusetts, republican Senate leader and author of the Lodge reservations, will sound the keynote of the coming presidential campaign at the national republican convention in Chicago, June 8th. The committee on arrangements voted to select a successor as permanent chairman to succeed Mr. Lodge.

The Weather

Showers probably tonight and Wednesday.

M'CUMBER FIGHTS REPUBLICAN PLAN

(By Associated Press) Washington, May 11—Opening the fight against the republican plan to end the state of war by joint resolution, Senator McCumber, republican, of North Dakota, member of the Foreign Relations committee, declared in the Senate today such a step would bring dishonor upon the nation as would involve the desertion of America's associates in the war. He said he would not support the House peace resolution, nor the Knox substitute resolution, called up by Senator Lodge today who announced he would keep the measure continually before the Senate until acted upon.

R. M. ROWLAND BUYS HOME IN CITY

The L. P. Evans Real Estate Agency sold this week to R. M. Rowland, cashier of the Southern National Bank, the home of John H. Gibson, on Thurman avenue. The home is a very attractive one and is said to have sold around \$8,000. It is understood that Mr. Gibson plans to move to the country again.

WANTS PROMOTION FOR DAVISON

A dispatch from Washington that Representative King Swope, has introduced a bill authorizing the President to appoint F. McKinzie Davison, of Paint Lick, a Captain on the retired list of the army. Mr. Davison was in line for promotion to the rank of Captain during the war, but was confined in a hospital at the time of the examination.

FIRE DESTROYS HITCHING SHEDS

Shortly before 1 o'clock Tuesday morning, fire destroyed a part of the old hitching sheds at the Eastern Kentucky Normal school, as well as a set of harness, some paint, a small quantity of hay and lumber. The origin of the fire is not known. Business manager Gentry believes however the buildings were fired accidentally by someone spending the night in the sheds, since a horse and wagon had been removed.

The fire department had been notified; Stone Maupin and Mose Nelson, in charge of the truck, found it necessary to lay more than 600 feet of hose before they could start the fight against the flames, which had gained great headway. They saved a portion of the building however. The loss, which is to the state, will be small, since it was the intention to raise the old buildings within a short time anyhow in fact some of the work looking toward their destruction was under way.

Mr. Gentry stated Tuesday that the remainder of the buildings would be torn down and new ones constructed.

ARREST AS RESULT OF GRAND JURY ACTION

Phelps Hiler was taken into custody Monday night as the result of the grand jurors returning an indictment charging him with failure to properly provide for his infant children. Hiler gave bond for his appearance on May 25, when a list of grand jury cases will be heard by Judge Shackelford, of the circuit court. There were ten indictments returned by the grand jurors and there will be a number of arrests made, in all probability, this week.

I will have in a car of fertilizer next week; several tons of it not sold yet. First come, first served. C. M. Embury, phone 31-2, Waco, F. O. Moberly, Ky., or W. W. Broadus & Co., phone 110, Richmond.

NEW GOVERNMENT WANTS RECOGNITION

Various Reports From Mexico Indicate Important Changes Are Near At Hand

(By Associated Press) Washington, May 11—The revolutionary Mexican government will ask for immediate American government recognition. The movement toward that end has already been inaugurated at the revolutionary headquarters in Sonora, where the revolution was first launched.

A private message received here today, reports all quiet in Mexico City with perfect order being maintained. General Obregon entered the city Sunday night. Captain Long, commanding the U. S. destroyer division in Mexican waters, reporting from Tampico today said all was quiet there and that no foreigners were threatened and there were immediate prospects of peace.

The whereabouts of President Carranza remain obscure. Rebel sources report he is a prisoner at Vera Cruz. A dispatch meanwhile asserts that Carranza, with 4,000 men, has broken through the revolutionary lines and is making a stand north of Puebla. In any event his situation is apparently precarious.

Meanwhile all Mexico with the exception of the states of Yucatan, Campeche, and Chiapas, are declared in the hands of revolutionists, whose overtone was effected apparently with little bloodshed. The leaders assert the object of the change of Mexico's foreign policy and is to advance friendly relations with other powers.

MAY FESTIVAL ARTISTS

Among the solo artists who will feature the May Music Festival at the Normal school will be Mr. Albert Scheu Haberstro, who is the possessor of a real basso cantanta voice of a remarkably beautiful quality, wide range, clear intonation and rich timbre. He is recognized as one of the foremost concert singers of the day. He sings to the heart with the spirit and understanding, and it is said that his modesty is a rare and added charm both as to the man and the artist. His art reveals the soul and all its emotion and in his singing he displays a clear spiritual perception.

Dick Howell—Murderer, Taken Back To Canton

Dick Howell, arrested at Irvine last week for the murder of Detective Scotticity, at Canton, Ohio last November, and held in the Richmond jail for several days, is en route to Canton, where the alleged crime was committed and will reach that city Tuesday night at 6:30 o'clock in charge of chief of detectives E. H. Swope, Deputy Sheriff S. W. Kirk, and Detective Hurdlicka.

The crime is said to have been a cold-blooded one, and the trail of the murderer led officers thru Ohio, West Virginia, and Kentucky, and over a period of more than six months. Howell was picked up at Irvine where he had been trailed by officers from Canton, who worked unceasingly. Deputy Sheriff Kirk secured the endorsement of requisition papers from Governor Morrow last night and reached Richmond late, and stopped off for the prisoner and detectives.

Old Kentucky has been called upon to furnish the natural scenery for "The Pagan of the Hills," by Chas. Neville Buck, and Pearl White and a company of players are at Pineville where they have taken charge of a mine where the natural effect will be brought into the play.

Confirmation of the capture of President Carranza and Ignacio Bonillas by Obregonists at Apizaco has been received but there has been no confirmation of the execution of Carranza and this report is not given general credence.

RICHMOND COMMANDERY WORK

There will be work in Richmond Commandery, Thursday afternoon, May 13th being at 4 o'clock. 25 candidates have been summoned to appear. All Sir Knights are invited to be present.

Ladies' and gents' shoes shined at Bybee's Shoe Hospital. 112-2t

MRS. MARY C. PARK DIES IN MISSOURI

Relatives here heard with sadness of the death at Liberty, Mo., of Mrs. Mary Cobb Park, widow of the late Cyrus Park, who passed away last week. Her funeral was at Liberty Sunday. Mr. and Mrs. Park went from Madison county to Clay county, Missouri, shortly after the Civil War and lived there the remainder of their lives. One daughter, Miss Jessie Park, survives. Mr. Park died about four years ago. Mrs. Park was a devoted member of the Christian church and a most estimable woman in every way.

She was a daughter of the late Jesse Cobb, of Estill county. The following brothers and sisters survive: Mrs. Joel T. Embury, of Moberly; Mrs. Robert Caldwell, of Excelsior Springs, Mo.; Mrs. James A. Harding, of Atlanta, Ga.; Mrs. Charles E. Colyer, of Torrington, Wyoming; Mrs. C. D. Munday, of Buffalo Ridge, Va.; Col. Jesse Cobb, of Waco, and Richard C. Cobb, of Cincinnati. The deceased was 77 years of age at the time of her death.

INSTRUCTIONS SAID "GO AND GET 'EM"

(By Associated Press) Washington, May 11—President Wilson was willing to sacrifice half the British and American fleets to scotch German submarine "horns nests," according to his unpublished instructions to officers of the Atlantic fleet. He made them throw tradition to the wind and strike the word "prudent" from their vocabulary and be "audacious to the utmost point of risk and daring."

He spoke as the Navy's commander in chief on the flag-ship, Pennsylvania, August 11, 1917, when the German submarine menace uncured. He likened the submarine policy to "hunting hornet's nests all over the farm and letting the nests alone."

The President said the British Admiralty's reply to the American suggestions for destroying the German submarine base amounted to "it never has been done before." "I felt like saying," said the President, "nothing has ever been done so systematically as nothing being done now."

These remarks of the President were laid before the Senate investigation committee today by Secretary Daniels, who said they showed the bold and vigorous policy the President outlined for the navy during the war.

S. F. CRECELIOUS' FAMILY TO SUMMER IN SOUTH

S. F. Crecelious, city engineer, stated today that he was preparing to give up his home in Richmond for the time being and his family would depart for Texas within a few days where they will spend the summer. Mr. Crecelious stated that he did not know how long his family would be absent, but said that they would remain in the south for several months at least.

VULCANIZING PLANT

Richmond is to have a most complete vulcanizing plant, the first one of such large capacity to be established by the Goodyear Company in this part of the state, and it is said, will fill a long felt want in Richmond. The establishment of the new industry will be at the Sandlin Supply Company's place of business on Second street, a number of changes being made in the building and the plant will be placed in operation as soon as possible, the work of establishment already having been started. The partition at the rear of the Sandlin Company's store on Second street will be removed, the room enlarged and the new business feature will be located in the rear of the building. It will be under the management of Mr. Robinson, whom the Goodyear Company will send from Akron. He will make his future home here. This plant will admit of tourists and others having work done in Richmond, which was impossible heretofore.

Many new awnings are now being put up.

MODEL HIGH SCHOOL SWATS WINCHESTER

Visiting Team's Second Attempt To Beat Locals Was Very Disastrous

The Winchester High school team, trounced some time ago by the Model High school of Richmond, came back after more Monday afternoon, and got it. They are game losers, and although they strengthened their team, carried home a defeat which sounded like a tune of 10 to 3.

The Model High lined up with Dunaway pitching, and pitched some, and the visitors were first to start the scoring process which was shortlived, since after having scored once in the second inning, they were unable to perform this feat again until the arrival of the final frame when they brought in pair, but were unable to cope with the situation, and gave up the ghost. The game was replete with good and bad playing, hits and runs, good spirit and plenty of activity. When the smoke cleared away, it was found that the Model team, which did not start scoring until the third inning, took three then and there and tightened up, taking another in the fourth and fifth frame and winding up with four in the seventh and another in the eighth, making a total of ten runs, with twice as many hits, and six errors to their side of the ledger. The visitors changed batteries time and again in an effort to get started well, but there was nothing doing. They too had a half dozen errors marked them and claimed eight hits and the three scores wound up the important part of their record. The boys were all in for a good time and had it. They expected to play again soon, and assert that they will be "stronger still". This will be necessary, since the local aggregation is improving wonderfully, according to athletic manager McCoy, and their record shows that there is some very good timber developing which will doubtless be heard from later in fast-company.

The teams lined up as follows:—Model—Adams, 1b; Dunaway, p; Noland, 2b; Combs, ss; Pope, c; Minter, 3b; Parks, rf; Goodman 17; Covington cf. Winchester—Wills 1b; Hadin p; McCurt 3b; Swift ss; Walden cf; Pluten 2c; Alberts rf; Strother 17; Kearns cf. Model.....10 20 6 Winchester.....3 8 6 Batteries—Dunaway; Faulke; Hadin and Walden. Umpire—Compton.

Seek Alleged Bank Robber

Louisville, Ky., May 11—The country is being scoured today around West Point for Tom Slaughter, alleged bank robber, who escaped from custody there Monday. A paper found among his effects labeled prospects, bore the names of eleven cities, including Guthrie and Paducah, Ky. He was apparently in connection with proposed bank robbing operations.

SEVEN MEN IN COUNTY JAIL. SAY THEY'RE WELL OFF

There are seven 'shiners doing time at the county jail, and they claim to be in "pretty good shape", as one of them said Sunday who juggled almost twelve hundred dollars, in bills of large denomination. When asked why he was in jail with so much money, he replied—"When that court tacks on that thirty days, all the money in the universe will not prevent you from serving it". His name is McKinney. He is a resident of the northern part of the county and was convicted by the U. S. District Court.

The seven men recently convicted who are serving sentences for violating the prohibition law, cause the jail attaches no trouble whatever, the latter claim. They spend their time reading, when they can get anything to read and are always quiet and orderly.

Caught A Real Fish

Dr. R. B. Combs, of College Hill is just back from Florida, where he enjoyed the winter, and had some great fishing. He is showing friends pictures of a 400-pound sea bass which he caught. The fish suspended by the side of Dr. Combs, measures more feet than he is tall. It required the assistance of several men to land the big fellow.

CIRCUIT COURT WORK PROGRESSES

This week will close a number of cases in the circuit court, and next week the jury for the third and fourth week will be called upon for service.

The hearing of a number of cases on Monday and their results were as follows:

Mrs. Eva Waldon vs. Dr. P. Cornelius, was continued on motion of attorneys for the plaintiff, she being unable to appear.

Judgement in the sum of \$150 was found for the plaintiff in the case of R. M. Ross vs. Joel Parks; the controversy arising over the sale of an automobile to Mr. Ross by Parks previous to his death last year. The plaintiff alleged that the stipulation of the sale was to the effect that the machine was to be kept in repair for a period of a year after the purchase; that the machine was maintained at an unexpected cost of \$280, and in the meantime Mr. Parks died. The action was for the purpose of recovering what the plaintiff declared was money expended for repairs which should have been borne by the original owner.

This case was followed by John D. Goodlee, Jr., vs. E. C. Moore et al, as the result of an alleged agreement between the plaintiff and defendant at the time of the sale of the property of the plaintiff's father, John Goodlee, Sr., which was to the effect that land purchased was to be sold to the son at the figure it brought at the sale. Subsequently the plaintiff declared, when he pressed the purchasers of the land for the transfer of the property, or a part of it at the stipulated figure, the defendants declared that no such agreement ever existed. The jurors held that the defendants sold 150 acres to be plaintiff at the original purchase price.

BIG DEMAND FOR CITY PROPERTY AT GOOD PRICE

The sale of the Everett With home stand on East Main street to Pleas Benton, is reported through the L. P. Evans real estate company. The consideration was practically \$10,000. This is another of the city properties to pass into the hands of new owners, and marks the demand for Richmond city property. Mr. Benton will not get possession of his newly acquired property until about the first of the year, according to the understanding at the time of the sale, when it is expected that he will move his family to this city.

SENIOR PLAY AT MODEL HIGH

The Senior class of the Model High school will give their play entitled, Fannie and the Servant Problem, in the Normal school auditorium Friday evening May 14th at 8 o'clock.

GOOD NEWS FOR BREEDERS

Arrangements were made Saturday for Nobleman, the greatest saddle stallion in Kentucky, to make a short season at Bob Walker's stable, in the McKee Block, in Richmond. Don't fail to see this horse if you have a good mare to breed. Nobleman won championship honors at the Kentucky State Fair and also at the Atlanta Show and has been a big winner at all the big fairs and shows. Full details will appear in a few days. Bob Walker, Richmond, Ky. It

SERIOUS INROADS ON RAILWAYS MADE

Richmond Being Extensively Advertised By Long Distance Hauling By Trucks

Serious inroads are being made upon railway freight hauling, it is claimed through the use of trucks for long distance hauling and every day is developing this fact more clearly. Richmond is well represented in this and adjoining states through the hauling by truck, which is already more in evidence than usual. If one had been over in Ohio, or even Indiana Tuesday, they would have seen two large trucks one near Cincinnati and the other near Indianapolis, bearing the name of the Sandlin Supply company, Richmond, Ky. Another could have been seen in the vicinity of Lexington. The trucks were enroute, one from Indianapolis, another from Eastern Ohio and the other enroute to Lexington with a load, and it could have been seen later, returning to Richmond heavily loaded. This "country train", as it is called by some, has been routed here and there, without the owners realizing the enormity of the business. The demand for hauling overland has become such that there is a steady line of trucks going and coming in all directions. Some of them are from Chicago, others from Detroit, and other distant cities.

Most of the long hauls are made with one-way loads to start, but they seldom get home without having picked up a load or a part of one enroute, drivers say. The Richmond company contemplates starting a "train" to Indianapolis within a few days. The Sandlin company also contemplates sending a number of drivers to Indianapolis to bring to Richmond a number of new Dort cars.

COUNTY PROPERTY WILL BE IMPROVED

The grand jurors, upon their return to business on May 25 will take up the matter of investigating the county institutions with the view to securing improvements said to be needed. One of them will be the county infirmary, which is said to be given consideration during the present year. It is expected that the work will be perfected by the arrival of cold weather. The nature of the work will not be given out until the report is made by the special committee of jurors, to be selected has made the investigation.

The county jail and courthouse are other institutions to receive attention upon the part of the jurors. It is said that the work done at the county bastille thus far will be thoroughly investigated and that there will be additional improvements recommended. The heating of the court house will be another matter before the close of the jury session.

MARGUERITE CLARK IS COMING IN "ALL-OF-A-SUDDEN PEGGY"

Marguerite Clark is coming to the local theatres for Thursday in a delightful screen comedy called "All-of-a-sudden Peggy", the title refers to the vivacious little heroine. She is the daughter of Mrs. O'Hara, widow of a deceased scientist, and has accompanied her mother to Hawkhurst, estate of Lord Crackenhorpe. The nobleman is writing a book on spiders and has invited Mrs. O'Hara in order to consult with her. His mother, Lady Crackenhorpe, however, suspects that Peggy has designs on him and summons her younger son, Jimmie, to divert the girl from her purpose.

He succeeds so well that he falls in love with her. In reality, Peggy is trying to arrange a match between her mother and the lord. Mrs. O'Hara will not marry as long as Peggy is unprovided for. So, to promote the match, the girl pretends to have wedded Jimmie and follows him to his apartment in London to keep up the illusion. Matters thereupon get into a complicated mess, but finally turn out happily for all concerned.

Miss Clark's leading man is Jack Mulhall and the cast includes Lillian Leighton, Orval Humphrey, and Eddie Sutherland. The picture is a Paramount-Artcraft and was directed by Walter Edwards. Also "The Lost City".

Missionary Meeting Postponed The Woman's Missionary Society of the First Baptist church announced to meet with Mrs. G. W. Evans Friday of this week has been postponed until Friday afternoon the 21st.

Geo. William McWhorter, 14-year-old student, accidentally hanged himself while playing with rope swing at Lexington.

Mrs. Love-Home:

Do you not need a NEW RUG?

We have rugs of all sizes and patterns suitable for any room.

Come in and let us show you some softened rugs that will harmonize with any color scheme you desire. They will beautify your home.

Good rugs are HARD TO FIND. We have them.

Our prices can't be equalled.

Our Furniture is of the best.

Respectfully yours,

RICHMOND'S EVOLUTION

"Times change, and we change with them," so William Shakespeare, a noted philosopher is credited with saying. Two score years ago there was a (good) rail fence surrounding the courthouse. Time came when that

fence was replaced with a very attractive iron one. Time, that invincible conqueror of youth, changed it and the iron fence was removed. Crushed stone, the first "paving" in the city was applied to the streets. Then came stone flagging and "regular" gutters, such as are seen in greater cities.

Now, one of the greatest colleges in the state and this part of the country, and the Governor of the state here, unveiling a garrison flag which swings to the breeze in front of an imposing building; hundreds of noted educators here; athletic teams from various other colleges in contest with local students who learn and live, at the school of 1920 and once a mired crushed stone pavings to be torn up, for it is now the period where all progressive cities must have a better street besides, it is custom in other cities, and the stone must give way to the asphalt, one of the greatest stock and tobacco markets in this section of the country. All in Richmond.

FARMERS—I am prepared to build your tobacco barns. C. M. Estes, 131 S. East 11th ave., Richmond. 78-11

CITY IS IMPORTANT SHIPPING CENTER

L. & N. Complimented On Service Produce Business Grows—New Stations Established

Shipping facilities on the L. & N. railway have never been better than at the present time. This is the compliment paid by the Richmond shippers, who assert that the produce market, which necessitates accurate and immediate attention, was never treated better than now. The regular in and out traffic system is all that can be asked, especially by the shippers of perishable goods.

Cars called for are delivered upon the spot except open cars, such as are used for hauling coal, and the produce of Madison county is being handled with a degree of regularity not surpassed heretofore. The county is also making a record in the shipping of produce, particularly poultry. Eggs and butter appear to be increasing steadily and have been during the past fortnight, while the shipments of eggs are greater than for a number of years. Manager C. P. Miller, of the Kentucky Creameries Company, stated Saturday that on an average of three car load of eggs were shipped weekly from Richmond alone. The company is establishing a number of new stations throughout Madison county, and this will enable the farmers to deliver their produce to these new markets instead of having to make long hauls. The regulation market quoted price the same as is paid here will prevail there and the producers will get as much as if they hauled it to this city. It is said that the establishment of the new stations will do away with hauling upon the part of some, who at present, transport their produce for a distance of 15 miles.

The du Pont Publicity bureau is said to have prepared to withdraw its support and to oppose Major Lenard Wood's candidacy.

TERRIBLY SWOLLEN

Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Theodor's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theodor's Black-Draught."

Theodor's Black-Draught will help you to keep fit, ready for the day's work. Try it! NC-131

BUMPER FRUIT CROP NOW ANTICIPATED

Unless there are frosts to injure the developing apple and cherry crop, trees in Madison county orchards will have to be given attention in the way of having the limbs propped up, or they will be broken by the weight of the fruit. This is the opinion of a number of rural residents in the city today, in speaking of the probable fruit crop for this year. They state that the reports of early frosts injuring the fruit in this immediate section, were without foundation, and that there could be no truth attached to them.

Alexander B. Ellison residing west of the city, is one of the authorities for the above statements, and he added that while his peaches were not as promising as usual, the cherry and apple trees would be badly hurt, since the limbs would not be able to bear the weight of the fruit, if it was allowed to mature. "I am no exception," he said, in explaining the fruit outlook, especially in Madison county.

The heavy bloom came on and has developed the budding fruit, and the recent rains filled the outer petals and the development of the first part of the fruit was the greatest I have seen in years, and orchards throughout the county are all about alike.

BEND

The cold rainy weather is retarding the farmers in their work. Tobacco plants have been checked in growth and some killed by light frosts.

Wheat and rye looks bad at present. A short crop is expected. Milk cows are high, bringing most any price.

An old man here said if he could live through the month of March with the flu he would "shore" live the balance of the year. He was told he might live through March and then die. He said "I have always took notice if I lived through March I live the balance of the year."

James McKinney and son of Mob-erly, were visiting the Bend from Saturday until Monday.

The Sunday school in the Bend is progressing nicely with a good attendance, a set of efficient teachers, to say nothing of the Superintendent, one of the best in the county.

Ed Ellington has sent in the school census, 42 being enrolled far better than was expected. Teachers are looking over the ground to see where the best ones are Teachers will be plentiful again.

The world's standard remedy for kidney, liver, bladder and uric acid troubles since 1696; corrects disorders; stimulates vital organs. All druggists, three sizes. Look for the name Gold Medal on every box and accept no imitation.

Copyright 1920 Hart Schaffner & Marx

Talk it over with the boys

See what they think about it next time they're needing clothes. As a rule, style's the most important thing to them, for they wear the clothes; you pay the bills, so you're looking for quality; clothes that wear well and won't need replacing soon.

No room for argument; we settled the question by providing

Hart Schaffner & Marx boys' clothes

as good as father's

There's style a plenty for the boys; there's a saving for you because they wear so long you buy less often: the fine tailoring and all wool fabrics do the work.

They're guaranteed to satisfy you; you're the judge

J. S. STANIFER

UNCLE SAM BUYING NEXT WINTER'S COAL

Uncle Sam is of the opinion that it is time to lay in next winter's supply of coal, and has let the contract in full for the Richmond postoffice building. The price, which is a secondary consideration, does not matter, it's the assurance of the coal that he wants. He has procured this through a contract awarded the L. R. Blanton Coal Company of this city, the approximate quantity being one hundred tons. Coal is hard to get and at high price, but it must be procured, and the P. O. building will be one of the warm spots in Richmond next winter.

While the price, when the government is concerned, is not usually given out, Mr. Blanton stated the cost would be considerably higher than last and when his bid went in he felt that it would be considerably higher than last and when his bid went in, he felt that it would be rejected, owing to the difficulty and cost of procuring coal here, but nothing was said of it, and the contract awarded. The coal will be supplied as it is needed at the building, this being one of the stipulations of the contract.

EIGHTY YEARS OLD TEACHER

VERY ACTIVE THESE DAYS

Jefferson City, May 10.—Prof. W. H. Lynch, 80 years old and teaching regularly, was an interesting figure at the recent annual meeting of county school superintendents here. Prof. Lynch is a member of the staff of the State Teachers' College at Springfield. He is said to be the oldest teacher in Missouri now active and among the oldest in the country.

Novelist Howells Dead

New York, May 11—William Dean Howells, novelist, died here today. He returned a few weeks ago from the South where he suffered an attack of influenza and never fully recovered.

EXAMINATION FOR COLORED TEACHERS

Supt. John Howard Payne announces that teachers will be certificated for the colored school on Thursday, May 13th at the colored school building through examinations and other evidences of scholarship that the Board of Education accepts. The Board of Education will accept a State Diploma, State Certificate, and a Normal School or State University graduate provided graduation was not prior to ten years ago. The State University at Louisville for colored is not recognized.

The examination will be on the common school branches and the theory and practice of teaching for grade teachers; and on the particular purposes to teach for high school teachers.

Thorna McGee, 14 year old girl of Omaha, has asked that a drop of her blood be examined in an effort to ascertain whether she is a Caucasian, or African.

Cleanses, Invigorates, Softens the Skin

Regular Habits Produce a Beautiful Complexion

Daily elimination rids the system of poisons. Women should realize that!

MANY women complain daily of their complexion, of their headaches and general ill health, little realizing that the trouble is constipation. Women, too, are much more subject to such congestion than men, and much more careless of it. The result is seen in lusterless, weary eyes, in shallow, pinchy complexion, in lassitude, bad breath, and in that word so often used, "indisposed."

At the first sign of these symptoms the wise woman will take a laxative, and will see that the young girl and others in her care do likewise. Dr. Caldwell's Syrup Pepsin is the favorite with thousands of women because it is mild and gentle in its action and in the end trains the stomach and bowel muscles to do their work naturally without the aid of medicine.

This combination of simple laxative herbs with pepsin, which can be bought at any drug store, is also a very sterling first-aid in colds, fevers and other sudden ills

that make it advisable to always have a bottle in the home. It is free from narcotics and safe for the tiniest baby.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 512 Washington St., Monticello, Illinois.

CAMELS have wonderful full-bodied mellow-mildness and a flavor as refreshing as it is new.

Camels quality and Camels expert blend of choice Turkish and choice Domestic tobaccos win you on merits. Camels blend never tires your taste. And, Camels leave no unpleasant cigarette aftertaste nor unpleasant cigarette odor!

What Camels quality and expert blend can mean to your satisfaction you should find out at once! It will prove our say-so when you compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes, or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

SOCIAL AND PERSONAL

D. A. R. Meeting

The May meeting of the Boone-Borough Chapter of the Daughters of the American Revolution with Miss

Bessie Miller as hostess, was one of the most enjoyable of the year. The house was profusely decorated. At every turn the eye met huge vases of spring blossoms and they with the balmy air drifting in the open windows, made one feel that perhaps at

last winter had worn itself out, as well as the rest of us, and the long longed for spring had indeed arrived. The program for the day called for two papers and a magazine review. The last to have been given by Mrs. Homer Carpenter, but, owing to illness she was unable to be present, much to the general disappointment. The subject of the two papers were Review of the Life of Cecil Rhodes and Influence on American thought of the Rhodes Scholarship and Oxford and Cambridge Universities.

The first mentioned given by Mrs. J. W. Herndon of Berea, was interesting throughout, touching as it did on the life and life work of this outstanding man.

Like most of us, Mr. Rhodes had his most of us Mr. Rhodes had his hobbies and aversions. The greatest of the latter, as far as he was concerned were women; true to his convictions, he never married, had he done so he might have changed his mind and again—well, he might not. Mrs. Herndon's paper showed splendid preparation and was given delightfully. Whenever Mrs. Osborne is giving a paper, the chapter looks for a treat, and they were in no way disappointed yesterday. She brought Oxford and Cambridge so close home to us, one could almost see the paths where tread "saints, apostles, prophets, martyrs," and many others of more world-

Second St.

ly but none the less celebrated sphere. Her personal reminiscences added much to the charm of the paper, which was both most graciously rendered and received. Mrs. Keith told of some of the changes in the Cecil Rhodes American scholarship, which the war has made necessary, she being well qualified to speak authoritatively on the subject since Mr. Keith, a Cecil Rhodes man himself—keeps well in touch with the latest data on this particular scholarship.

The program closed with an account of the National meeting held in Washington last month, given by Mrs. James W. Caperton, the Regent. Mrs. Caperton's reputation as a speaker, already state-wide is rapidly assuming national recognition, her speech at Mount Vernon upon the occasion of planting the Kentucky tree, being one of the talked of occurrences of the convention. In her account of the Washington trip, she sustained her reputation and delighted her hearers with her very witty and entertaining resume of her visit.

Miss Miller had asked quite a number of guests to be present to enjoy not only the very splendid program but the delicious refreshments served at its conclusion. She was assisted in entertaining by her mother, Mrs. Elizabeth Miller and sisters, Mrs. Hume, Miss Miller and Mrs. Wynn, of Winchester, who is always most cordially welcomed home by her host of friends here. The June meeting will be held with the Misses DeJarnette.

Entertain Art Club

Miss Elizabeth Wheeler entertained the girls' Art Club Saturday, May 8. Those present were Misses Evelyn and Emma Fowler, Elizabeth Whitlock, Rudell Hurst, Corlelia Hurst, Gladys Parks, and Miss Stella Ramsey. The hostess was assisted by her mother and sister Mrs. M. G. Biggerstaff. Refreshments were served.

Beautiful Reception

Mr. and Mrs. David McCord entertained with a very beautiful reception at their home in Lexington in honor of their son, Mr. John William McCord and bride who were just returning from their wedding trip. The spacious home was made most attractive by a profusion of spring flowers and fully 200 guests responded to the invitation, among them from Richmond were Mrs. J. W. Collins, Mrs. May Collins, Mrs. Samuel Phelps and son, Robert, Mr. D. M. Phelps, Mr. Thomas Phelps, Mr. Marcum Phelps, Miss Mae Phelps and Miss Lucille Walton.

Mrs. M. H. Wells is quite ill this week.

BLOOD KILLS DISEASE GERMS

Pure Healthy Blood Destroys Germs, Removes The Waste Tissues And Rebuilds Bone And Muscle

If Your Blood Is Weak, Don't Delay

Take Gude's Pepto-Mangan, The Red Blood Builder

In your body there are two gallons (more or less) of blood, which is constantly at work keeping your system free of germs, removing the waste tissues, and building up new strength in bone and muscle.

This blood must be healthy or your resistance to disease and fatigue will be lowered, you will lose weight, and both body and mind will have less vigor.

For building up blood weakened by overwork, illness or other causes, Gude's Pepto-Mangan, for years prescribed by physicians, is now generally known as a prompt and harmless tonic.

Gude's Pepto-Mangan soon produces marked beneficial results. The tired, worn-out, run-down feeling disappears. And in its stead a vigorous wholesomeness and happiness proves that the blood has been supplied with the sorely needed richness to supply the entire system with renewed strength.

When you buy Pepto-Mangan at your druggist's, be sure the name "Gude's" is on the package. You can get it in either liquid or tablet form. If the name "Gude's" is not on the package it is not Pepto-Mangan.

Adv.

Mr. and Mrs. Willis Moores are rejoicing over the arrival of a fine son. Mrs. D. M. Phelps is visiting her brother Mr. John Gibson in Washington.

Mrs. B. O. Beck, of Irvine, is the guest of her sister, Mrs. R. M. Rowland.

Mrs. Margaret Steele has returned to Nicholasville after a visit to Mrs. Allen Zaring.

Mrs. Chester Green has returned from Cincinnati, where she attended the May Festival.

D. J. Williams, Jr., of K. M. I. spent Saturday with his mother on Lancaster avenue.

Mr. and Mrs. Armer Hsie and children have returned from a visit to relatives in Winchester.

Mr. R. C. Boggs, of Nelson county, was with relatives and friends here for a week-end visit.

Mrs. Cora Boggs, of Red House, spent the past week with Mrs. R. O. Lackey on 3rd street.

Mrs. Bettie Park and Miss Willie Park spent the week-end with relatives at L. & E. junction.

Mrs. T. S. Hagan went to Elanzer Monday called by the illness of her mother, Mrs. Nannie Porter.

Misses Cornelia and Ethlyn Wilson have returned from Weeksbury Ky., where they taught the past term.

Mr. and Mrs. Walker McKinney and children, of Georgetown, were guests of Mr. and Mrs. D. B. McKinney for the week-end.

Mr. and Mrs. E. C. Stockton have returned from a visit to the latter's parents Mr. and Mrs. Thomas in Greenville Miss.

Miss Gladys Smith was at home from Transylvania University for the week-end with her parents, Prof. and Mrs. G. D. Smith on High street.

A refreshing drink when men play cards

The tedium of an evening at cards may be broken by the welcome appearance of tall, sparkling glasses full of delicious Dr. Swett's, the Original Root Beer.

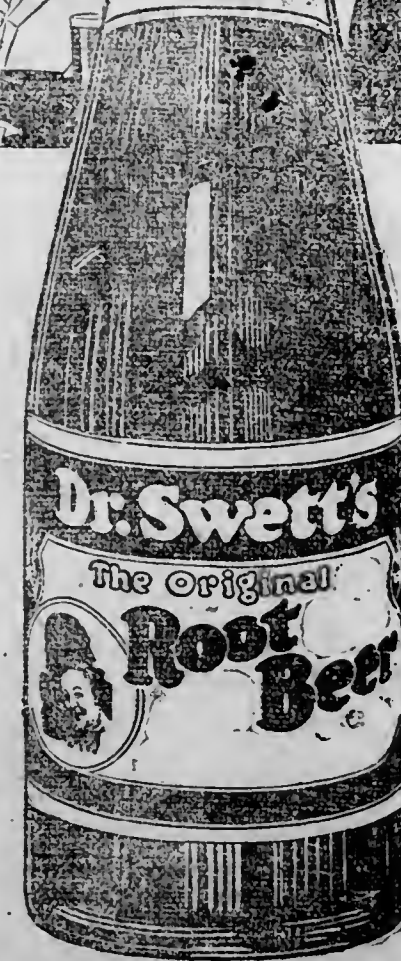

This invigorating drink has been a favorite in New England for more than half a century. Its delicate, appetizing taste cannot possibly offend the most particular palate, and when men play cards of an evening it is an ideal beverage to put new zest into the game.

Dr. Swett's, The Original Root Beer, is made from the original formula—it is strictly a pure food drink containing several of Nature's best products represented by choice herbs and roots.

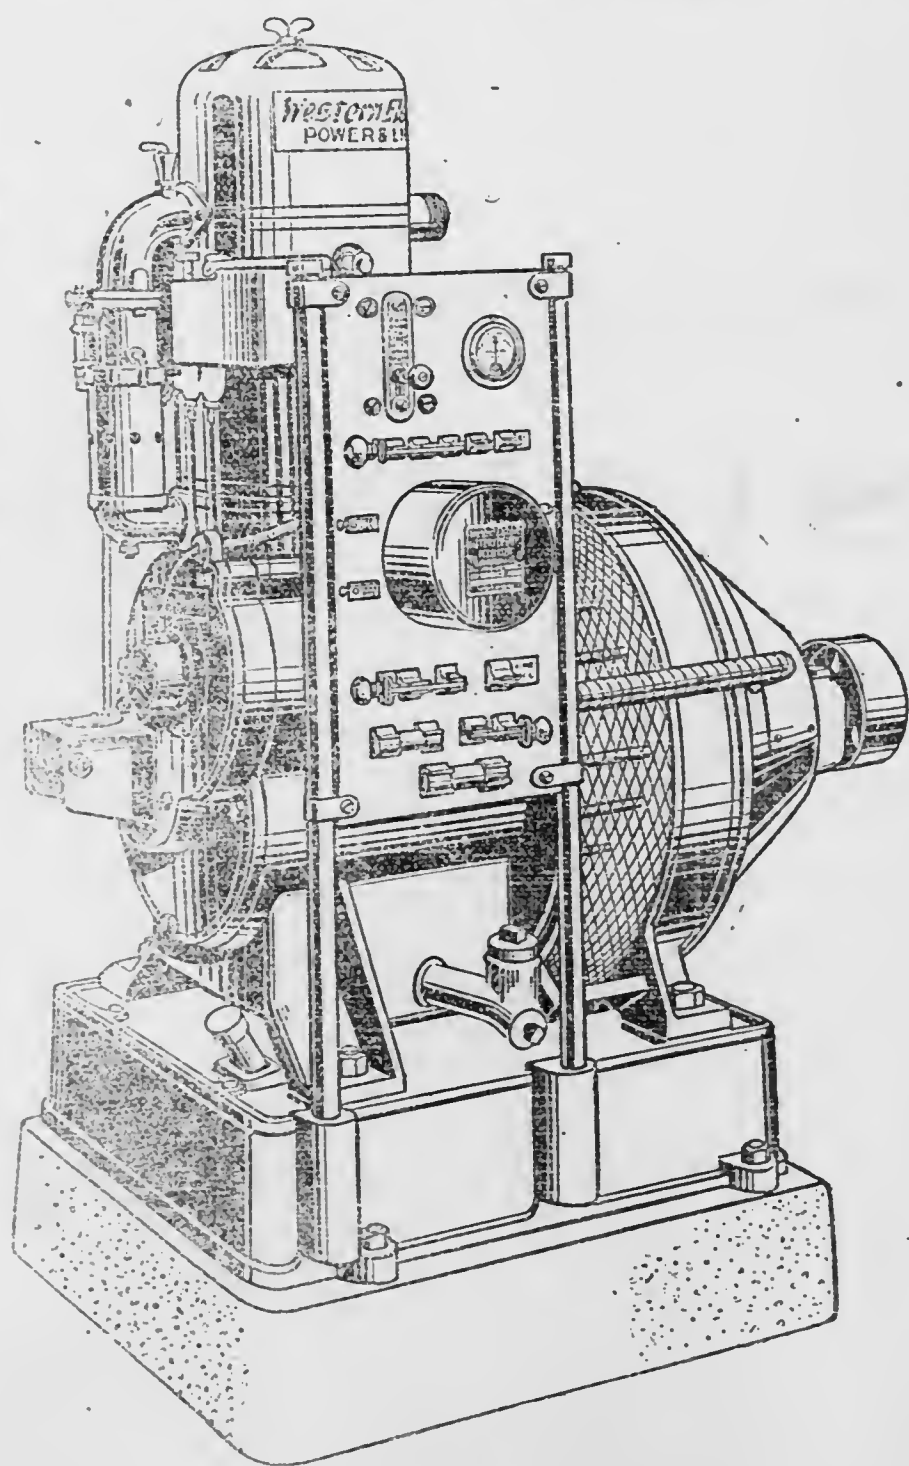

It is wholesome to a degree unequalled by other light beverages—and is good for young and old alike.

You will like it. Ask for it at the soda fountain—or better still, order a case from your distributor—and keep a few bottles on ice all of the time.

Out of town distributors desirous of making connections, write to Lexington Brewing Co. Incorporated Lexington, Ky

Swift & Company Does Not Control Its Raw Material

Other industries can buy their raw materials according to need or judgment, and set a selling price. They need manufacture only what they can sell at their price.

Cotton, wool, wheat, lumber, iron, steel, and other non-perishables, can be held either by their producers or their users until needed.

But live stock comes to market every day in fluctuating quantities from scattered sources, wholly uncontrolled and at times without regard to market needs.

An immediate outlet must be found for the perishable products, at whatever price, as only a very small proportion can be stored.

No one can foresee or stipulate what they shall bring; prices must fluctuate from day to day to insure keeping the market clear.

Only the most exacting care of every detail of distribution enables Swift & Company to make the small profit from all sources of a fraction of a cent per pound, necessary for it to continue to obtain capital and maintain operations.

Swift & Company, U. S. A.

The Right Kind of Iron For The Blood

The most powerful and beneficial tonic in all medicine for the blood and nerves is iron. The greatest authorities agree on this. But it is a mistake to take any form of iron and expect to get satisfactory results. Most of the common forms of iron are what is known in science as "inert" when taken into the human system. By this it is meant that they exert no action whatever. Perhaps this is why you have been disappointed when you have taken certain pills or tablets or tonics said to contain iron.

The new way to restore iron to the blood—the surest and most dependable of all methods—is through the use of Acid Iron Mineral. This is a natural form of soluble iron—it is not prepared artificially by chemists like most medicinal iron, but is found in Nature itself, combined with other highly beneficial remedial agents. The story of the discovery of this new form of iron reads almost like a fairy tale and medical science has proved in thousands of cases its remarkable blood-making powers. Acid Iron Mineral may be procured in liquid form at any drug store. It contains no alcohol or injurious drugs and will not blacken the teeth. It has been especially noted that pale, puny children, weak, run-down persons and those enfeebled by age show improvement and exhibit increased strength almost immediately after starting treatment.

CLEANING OF CITY WAS VERY THOROUGH

City Cart Drivers Still Called On By the Enthusiastic Workers

The cleanup work in the city has been finished, but the task was not completed within the allotted time, more than a week being required, since some of the residents after getting started, extended the work to such an extent that the city carts were called upon this week to remove refuse.

Drivers of the carts have had a workout, and report the cleaning process this year represents more than double the work of any previous year. City Street Commissioner James H. Allman is of the opinion that there will not be another such cleaning necessary for years since he has kept track of refuse carted from homes, lots and buildings. Mayor Evans is greatly pleased over the result and believes the city is in a better condition than for some time from a sanitary standpoint. Rubbish has been cleared from vacant lots both in and near the city, and there will be gardens this year where there were weeds last year.

The thoroughness of the work cannot be questioned. "I did not believe that the people generally would respond so liberally and readily," commented the Mayor, in discussing the situation, "but it will be much better for general health and the benefits will be seen in the health records alone, according to my opinion. Now if we could have some nice weather and get the street work finished, Richmond would be ready to receive visitors without excuses, still, the improvement work indicates that we are progressive."

Thomas Broadbuss was informed Saturday morning of the serious illness of his brother John C. Broadbuss, at his home in Garrett county. He made arrangements for an immediate trip to the bedside of his brother.

Commissioners Sale

G. T. Burton, Plaintiff

vs.

Ivy Burton, Def.

Pursuant to judgment and order of sale entered in the above styled action by the Madison Circuit Court at its May term, 1920, the undersigned Commissioner will expose to public sale to the highest and best bidder on

Wednesday, May 26th, 1920 at the hour of 10:30 o'clock a. m. on the premises in Kirksville, Madison county, Ky., the following described property:

Two certain tracts or parcels of land with improvements thereon adjoining each other located in the village of Kirksville, Ky., and containing 4 acres and one quarter more or less and known as the Geo. W. Burton home place.

The pleadings and exhibits in the above styled case are here referred to and made part hereof for more particular description.

Terms: Said property will be sold on a credit of six months, the purchaser being required to execute sale bonds with approved security payable to the Commissioner and bearing 6 per cent interest from day of sale until paid, with a lien retained on the property sold to secure the payment of said bonds and interest.

HAPPY WOMAN REALIZES HER MISTAKE NOW

"I Would Be About \$100 Better Off If I'd Have Taken Trutona First," Mrs. Brown's Statement

Louisville, Ky., May 10—"I realize now that I'd be about one hundred dollars better off if I'd taken Trutona first, instead of trying the numerous medicines I did without getting results," Mrs. R. E. Brown, 662 South Twenty-third Street, Louisville, told the Trutona representative recently.

"I had indigestion," Mrs. Brown said in describing her troubles. "It seemed there was nothing I could eat that would agree with me. The indigestion caused me to be annoyed with dizziness. If I would stoop over I felt like I was going to fall and if I walked up stairs I'd be annoyed by black spots forming before my eyes."

"So many people spoke highly of Trutona in the papers that I decided to try it. Many of them had suffered from troubles like mine, too. I had tried medicine after medicine without results and had gotten fairly disgusted. I'll tell you. But Trutona has entirely relieved all of my troubles and I can truthfully say now, that I feel better than I have for years."

Mrs. Brown's statement should prove of the deepest interest to every one who is suffering from stomach, liver and bowel troubles. That Trutona completely relieved her troubles after other medicines failed, has been definitely stated and if Trutona will do that for one person—as a matter of fact, the Perfect Tonic has done it for thousands—it will certainly do the same for you.

Trutona is sold in Richmond at the Richmond Drug Company, 11

William A. Jeff, 53 years old, an invalid for some time, died Saturday night at his home near Danville.

Mr. T. J. Gentry, of Wichita, Kan., is here for a visit to relatives and friends after an absence of thirty-six years and is being given a most cordial welcome.
